

TINLEY PARK FIRM BUILDS IN IDAHO

ABOUT THIS — AND — ABOUT THAT

By OLIVER GEDEIST

Off The List

Another good man has gone wrong—wasted away politically. Only a few weeks ago "the world's greatest newspaper" and its editor listed Governor Warren of California among the real Republicans deserving of consideration for the presidency. But somewhere along the line the California governor has spoken honestly and practically, without hatred toward any people, and now the editor of the "world's greatest newspaper" has condemned Governor Warren to the outer darkness.

It's really good that the Republican party is not condemned to live between the walls of "Colonel" McCormick's skull.

Interesting

A day or two ago I read that the expected recession, which most of us looked for only a short time ago, had been stalled off by the preparedness program, but the speaker said that when the defense program is completed we must expect the natural readjustment which we have just now escaped. That's poppycock. We claim we are a well-informed people. We are college, university graduates, big business geniuses, political hot papas—but too dumb to recognize our responsibility to PREVENT another depression or recession for at least 100 years.

It seems to me that with a pattern ready for sewing up prosperity and peace for a long time to come, farmers, so-called "labor," little business, and big business would set up a howl loud enough that the stupidest of politicians could not resist. Of course a readjustment will come as soon as the defense program is completed. Of course there will be a lot of people out of work, of course women will wonder where to get bread for their hungry children, of course men will walk the streets desperate for means of supporting their families. You remember the French queen's retort when told that the people were demanding bread—that they should eat cake if they were without bread.

Create Prosperity

Such a condition can be eliminated by a simple procedure. We are a mighty nation. Nearly every nation looks to the United States for help or guidance. We are in position to force a large segment of the earth to join us in demanding and enforcing a rule that workers in every country shall be paid wages equivalent to wages in this country if they want to ship their goods. People of the world are hungry for what we have. They'll work and buy and pay if we make it possible. It's simple, but apparently too difficult for our politicians, who continue to walk around in political and economic circles that never lead anywhere—except to distress.

Refuge

A garden is a place where
We may dig and plant,
And flower fragrance fills the air.
But even more
It is a place where one may go,
And close the door
On cares, and cease to fret
About the worries which beset.
—ELIZABETH B. BUSCH

Nearby Landmarks In Art Display At Joliet Exhibit

The first public showing in Joliet of the "Our Landmarks" collection of paintings sponsored by the Public Service Company of Northern Illinois opened May 9 under the auspices of the Joliet Artists' league in the league headquarters. The collection comprised of 50 vivid water colors of famous historical landmarks in northern Illinois, was painted by John Dukes McKee, well known Chicago artist. It will continue on display through May 21.

Ten of the 50 pictures are of local historical landmarks. Landmarks featured from this area include St. James of the Sag church outside Lemont, the old grain elevator on the Illinois and Michigan canal at Lemont, the Illinois and Michigan canal office at Lockport, Halfway house at Plainfield, Joliet's Demond building, the city's first stone structure built in 1835; the old German bank on Bluff street, the Gougar homestead and barn east of Joliet, Lock No. 6 on the Illinois and Michigan canal at Channahon, and Aux Sable bridge near Morris.

Although McKee's work has been exhibited at Chicago's Art Institute, the Hooser Salon, and in Philadelphia, the landmark series is his first one-man show.

Rooms With Board Sought by Officials For Aged Pensioners

Boarding rooms for old-age pensioners are needed badly by the Will county department of public assistance. They are old men and women who are physically unable to maintain their own homes, according to a statement by James C. Meade, superintendent of the Will county department of public assistance.

Some need only room and board and help with bathing and dressing, while others are bedridden and require considerable care. Licenses are not required, Mr. Meade said, for families who take one or two persons into their homes. The pension grants vary, depending upon the amount and type of care required. Homes are also needed for those requiring no nursing care, but who might be taken in on a room-and-board basis.

Interested persons are asked to write or call the Will county department of public assistance, 511 Morris building, Joliet, Ill.

MANCKE & RADCLIFFE BEGIN BUILDING OPERATIONS IN NEW LOCATION IN WESTERN STATE

Tinley Store Will Continue Operation

Mancke & Radcliffe, Tinley Park John Deere Plow Company dealers, are erecting a building in Homedale, Idaho, where the partners are to become area distributors of the John Deere line.

John Deere of Portland, Ore., selected the two young Tinley business men on the strength of their success in their Tinley Park territory, which included several counties. For several years Mancke & Radcliffe have been highly successful as dealers for the company which has persuaded them to locate their business in Idaho.

Homedale is in Owyhee county in the Snake river. There are several water power operations in the area. The soil, according to a letter from John Deere company in Portland, to the editor, is unusually fertile. Together with a mild climate and a long growing season, the territory produces unusually heavy crops. Principle crops are hay, grain, sugar beets, onions, and potatoes. The area also is a large producer of dairy products.

Cy Radcliffe left last Saturday for Homedale, where he will supervise the initial work in connection with the new building the firm will erect there. The building will be 80x85 feet in size. The firm will be known as the Homedale Tractor & Equipment Co., with

Wilbur Mancke (in chair) and Cy Radcliffe.

Cy Radcliffe and Wilbur Mancke as sole owners. There will be a well-equipped repair shop and parts department. It is hoped to have the building ready for occupancy by August 1.

Mr. Radcliffe expects to return to Tinley Park within a few weeks, when Mr. Mancke will leave for Homedale to make his permanent home. The Tinley Park store will continue for an indefinite time.

Messers Mancke and Radcliffe joined business forces after having been together in the same bombardment group during the war. Mr. Radcliffe, who came to Tinley Park in 1946, formerly was from Des Moines, Iowa, and Mr. Mancke's home was in Mokena, where he has been active in church and community affairs until his recent marriage, when he settled in Tinley Park.

Mr. Radcliffe, president of Tinley Park Business Men's association, is married. They have two children.

Mother-Daughter Banquet at N. L.

New Lenox Methodist Mother-Daughter banquet special speaker will be Mrs. Ray Robinson of Joliet.

The banquet is scheduled for the church at 6:30 next Thursday evening, May 20. Special music has been announced.

Mrs. Herbert Duerr is reservation chairman.

mother wore black crepe. Their corsages were of white carnations.

A buffet luncheon was served in the dining room, with Mrs. Beulah Cummings, Joliet, aunt of the bride, pouring. The table was spread with a lace cover centered with the three-tiered wedding cake with crystal candle holders, containing pink lighted candles or either side. Assisting in the serving were Mrs. George French, aunt of the bride, Joliet, Mrs. Henry Lorenz of New Lenox, and Mrs. Howard Bell, Frankfort, sister of the groom.

Mr. and Mrs. Schilling will make their home with the groom's parents. He is associated with his father on a farm east of Frankfort.

Last week the bride was honored with a miscellaneous shower given by Mrs. French in her home in Joliet.

POPPY DAY May 21

Poppy Day is one day when hearts should feel greater generosity than at any other time. The day is, in a way, a memorial day—a memorial day for men—they were, mostly, boys then—who faced mortal death, who braved the enemy's most destructive effort; boys who, in many instances, would have preferred death to their everlasting imprisonment in hospital wards, beds and chairs.

Making poppies gives them something of value to do. Let's buy those poppies tomorrow, May 21—buy several. The containers will hold dollar bills. Let's be as generous in giving as were the crippled fellows who make the poppies.

AUTO COLLISION INJURIES RESULT IN DEATH OF WILLIAM SCHOENECK

William Schoeneck, 63, of Tinley Park, victim of an auto accident Sunday afternoon May 2, died Saturday night at 11:30 in St. Francis hospital in Blue Island. Death was attributed to injuries incurred in the accident.

Funeral services were held yesterday afternoon at 2 o'clock at the Hirsch Funeral home and Zion Lutheran church in Tinley Park. The Rev. Albert Buddenhagen officiated. Interment was in Tinley Park cemetery.

Those surviving are Mrs. William Schoeneck, son Russel, and daughters Joyce and Dorothy Dickman, and a brother, Arthur. The Schoeneck family lived in Tinley Park for the past eight years. Mr. Schoeneck was born July 2, 1884. He was employed at the INR Beatty Lumber Co. in Tinley Park.

Mrs. Schoeneck is reported in serious condition, with a broken ankle and other injuries. Joyce is suffering from a broken pelvis bone and several facial cuts. Joyce will be confined to the hospital for treatment for from four to six weeks. Mrs. Schoeneck will be there approximately two more weeks. The occupants of the other car are doing well, and it is reported that they will be released very soon.

The inquest is pending until the driver of the other car is released from the hospital.

MARLEY CHURCH PLANS SUNDAY SING PROGRAM

Marley church Sunday evening will feature the Mokena Methodist church choir and the New Lenox Methodist male quartet. The hour is 8 o'clock. There will be other vocal and instrumental numbers.

The musical and community sing will be sponsored by the Freeman Fellowship.

Summit Hill Boosters

The Summit Hill Boosters will have their regular monthly meeting Friday night May 14, 8 o'clock. Games will be played. Hostesses will be Mrs. John Bettenhausen and Mrs. Jerome Daugherty.

Mrs. Demkov Visits Display

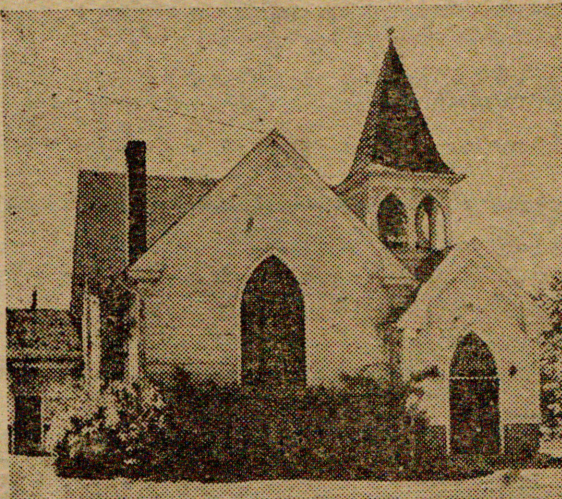

Mrs. Florence Demkov was a guest Wednesday at a luncheon given by Mrs. Waldo Warren of Beverly Hills at the Art Institute, Chicago, after which an inspection of the three-billion dollar display of French tapestries of 12th to 14th century was made. The display is to be returned to France on a French battleship May 16.

Guests later in the evening were: Mr. and Mrs. John Schmidt, Mr. and Mrs. Lenord Downey and Mr. and Mrs. Robert Schmidt, all of Joliet; Mr. and Mrs. Lloyd Warning, son Terry, Gordon Warning and Mr. and Mrs. William Morrison.

In its February, 1948, report the committee on reduction of nonessential federal expenditures disclosed that aside from the net increase of 2,314 civilians in the military services, the net increase of government personnel during February alone was 9,618 persons.

REDEDICATION SERVICE SLATED AT FRANKFORT METHODIST CHURCH

Frankfort Methodist Church

The formal reopening of Frankfort Methodist church auditorium will be celebrated at 2 o'clock Sunday afternoon, the 16th, with Miss Wilma Mark, organist, presenting a 15-minute recital as a prelude to the rededication service.

Extensive work has been completed, including replastering of the auditorium, installation of new lights, laying of a new tile floor, refinishing pews, redecorating of basement rooms, repair of the tower.

Rededication speaker will be the Rev. Dr. Ralph M. Pierce of Euclid Avenue Methodist church, Oak Park, a former

district superintendent, and a male quartet from Crete will sing. A number of selections will be played by Miss Mark during the service.

A new curtain for the altar will be presented by the MYF and Norman Heisner will present a new pulpit scarf. Committees in charge of the work

Operator Presses Button in Joliet —There's Chicago

Final tests were completed last week which will speed up handling of calls on recently installed telephone equipment in the Joliet telephone exchange to Chicago. The new and faster kind of telephone service went into operation after midnight last Friday, R. F. McQueen, manager for the Illinois Bell Telephone company, said.

Although the customer will continue to place his calls to Chicago in the usual manner, the operator will complete the connection on these calls in an entirely different way. Mr. McQueen explained. Instead of verbally passing the number to a Chicago operator, she merely presses keys on equipment at her switchboard, and electrical signals travel over the telephone wires to the called exchange.

The caller will no longer hear the operator repeat the Chicago number. Mr. McQueen said, adding, "It's as simple as this: He gives his operator the number of the Chicago telephone he's calling. Immediately after she thanks him for the call, the customer hears a short humming sound, and then, following a brief interval, the ringing of the called telephone."

OPENS LAW OFFICE

Ralph C. McCoy of New Lenox, who for 19 years practiced law in Chicago's loop, has opened offices at 68 N. Chicago street in Joliet. He occupies space with Attorneys John Willnitz and James Ley, the latter an assistant state's attorney.

The Rev. Lloyd Coleman
Pastor

have been Frank Kohlhausen, Henry Mark, Arthur Bauch, decorations; and Arthur Mark and Chris Sangmeister, floor work.

At noon the WSCS will provide a buffet luncheon for friends and members as a connecting link between regular morning services and the afternoon rededication service.

The Rev. Lloyd Coleman, former vice chaplain, is pastor of the church. The Frankfort and Green Garden Methodist churches recently extended unanimous invitations to the pastor to return for another year of service.

NEW LENOX MOBILIZES AGAINST WATER COMPANY CALLOUSNESS

Citizens of the south section of New Lenox met Thursday evening at 8 o'clock in the school gymnasium to discuss ways and means of correcting existing water supply conditions.

John Oster, acting as temporary chairman, opened the meeting. He introduced Dr. Charles Kincaid of the county health department and Mr. Koch, sanitary engineer, county health department.

Dr. Kincaid explained that the Illinois commerce commission had been notified during the previous breakdown of the water system, in January, and had sent Mr. Parker, their representative, to interview the citizens involved. Mr. Parker will again be in New Lenox on Friday to inquire further about the situation.

Dr. Kincaid recommended that a committee be formed to represent the citizens and be ready to testify to Mr. Parker.

Mr. Koch recommended that a change in the water system be made, as the present service is not reliable.

One suggestion was that an improvement association could be formed with a board of directors to represent the group. They could buy the present well or drill a new well and operate their own system.

Mr. Koch was asked about a reservoir. He said that a reservoir would not supply sufficient pressure and the cost of an elevated tank would be prohibitive.

Questions were asked about possible

action by the County health department against the Suburban Water company. Mr. Koch explained that the health department was without actual authority and he could not answer any questions of a legal nature.

Attorney Ralph McCoy was asked to explain possible action as protection against further inconvenience and unsanitary conditions. He told of the power of the Illinois commerce commission and what action could be taken by that department if the persons damaged filed a complaint or a petition.

It was decided to organize, and W. Yoeman was elected chairman, Mrs. Ralph McCoy, secretary, and Mrs. Lorne Gray treasurer.

A committee of nine was elected to represent the group. These are: Ralph McCoy, J. Edgar Robinson, Mrs. Walter Hamilton, William Heptig, Keith Hassich, Mrs. B. H. Sheeler, Mrs. A. S. Carson, Stanley Gilmore, and Mrs. Mary Miller. Mr. McCoy was named legal representative. He will prepare a petition to the Commerce Commission. There will be a house-to-house canvas for signatures of those not present at the meeting.

Mr. McCoy stated that he will not accept a fee and was happy to contribute his services.

The group will meet in the school again at an early date.

Jolly Troopers to Meet

Mokena Jolly Troopers will meet at the home of Sherrill Swart on next Tuesday evening, May 18, at 7:30.

Stermer-Schilling

At services performed in the home of the bride's parents, Mr. and Mrs. George Stermer, Spencer road, New Lenox, Miss Carol Stermer became the bride of Arthur Schilling at 7 o'clock Sunday evening, May 7. The Rev. O. Woelzlein, pastor of the Trinity Lutheran church, Tinley Park, officiated at the double ring ceremony.

The wedding party took their places in the living room, beneath a canopy of blue and white crepe paper streamers, to the strains of the wedding march played by Mrs. Woelzlein.

The bride, escorted by her father, wore a slipper satin princess style gown. It had an illusion neck line, an apron effect edged with lace and with fingertip sleeves. Her veil, also fingertip, was caught with a tala of white satin ribbon and crystal beads. She wore a rhinestone necklace and carried a bouquet of white carnations.

The bridesmaid, Miss Eleanor Schilling, sister of the groom, and the bride's attendant, her sister, Miss Margaret Jean, wore identical gowns of yellow dotted swiss, in princess style with long mitts of the same material. Their head bands were of yellow roses and they carried bouquets of yellow carnations.

John Lisko of Mayville, Wis., cousin of the groom, and Donald French, Joliet, cousin of the bride, served the groom. Their boutonnières were of white carnations. Albert Sylvester, brother-in-law of the groom recorded the services on his recording machine.

The bride's mother wore a black and white silk print dress and the groom's

The locomotive that began Chicago's era of railroading has been famous since 1890. It appeared in three large fairs—the Chicago Columbian Exposition of 1893, the St. Louis Exposition of 1904, and the World's Fair (Century of Progress) in Chicago in 1933-34. Major Lohr explained that the Fair management has borrowed the Pioneer from the railroad for use in the

pageant. One of the oldest locomotives in existence today, the "Pioneer" was third-hand when it was brought to Chicago on the brig "Buffalo" from the east. The initial run of the 10-ton locomotive was 10 miles—five miles out into the prairie and back. That was on October 25, 1848.

The "Pioneer" was the 37th locomotive built at the Baldwin works in Pennsylvania. It has one pair of driving wheels 54 inches in diameter and two pair of lead wheels. Its cylinders are 10 by 18 inches, and it has a 12-inch stroke. Its top speed was 25 miles an hour.

It was used by the Burlington railroad as its first engine for a short time, until that line was able to buy a

locomotive of its own. During May and June it is being exhibited in 58 cities served by the North Western. Then it will be taken to the fair, which is scheduled to begin July 20 and end Labor Day.

CHICAGO'S FIRST LOCOMOTIVE WILL RUN AGAIN UNDER ITS OWN POWER AFTER 70-YEAR RETIREMENT

Chicago's first locomotive, which hasn't operated under its own power for nearly 70 years, is being placed in running order for a starring role in the "Wheels a Rolling" pageant at the Chicago railroad fair this summer. It has been announced by Major Lenox R. Lohr, president of the fair.

Mr. and Mrs. Vernon Haag and family of Cullom spent Sunday with her parents, Mr. and Mrs. Barney Hostert. Mr. and Mrs. Hugo Nethammer entertained the latter's parents, Mr. and Mrs. Elmer Cooper at dinner Mother's day.

The seventh grade of the Mokena public school will entertain the eighth grade members in the school Thursday evening. A gala affair is being planned.

Mrs. Emma Cappel and Mr. and Mrs. Dave McMillan were dinner guests Sunday of Mr. and Mrs. Harold Cooper.

Mr. and Mrs. George Knudson attended the funeral of the latter's brother, John N. Schiek, 81, held in Joliet Saturday afternoon. Mr. Schiek died in his home in Crivitz, Wis., last Wednesday.

Henry Shevlin returned from St. Luke's hospital last Thursday and is improving slowly.

The village of Mokena have planned to replace all catch basins at each street intersection. The catch basins, 40 in all, have arrived and it is expected work will be started as soon as the rainy weather ends.

A large attendance was present Sunday morning at the Mothers' Day service in the Methodist church. Each mother present received a boutonniere.

When Mr. and Mrs. Dean Rueckert returned to their home Wednesday evening, May 5, from having dinner in Joliet, to celebrate their 25th wedding anniversary in a quiet way, they found to their surprise, friends from Mokena and Chicago gathered there to help them celebrate the occasion. A lovely evening was spent informally, after which refreshments, brought by the guests, were served. The group also presented them with a silver gift.

Everett Cooper, Chairman of the Mokena Cancer fund, reports that \$60 was collected in village and has sent it to the county chairman.

As soon as weather permits, the village authorities are prepared to paint the street names on the sign posts. The lettering will be in black. It is hoped that the youths of Mokena will be able to realize some pride in their village and not destroy the posts as previously some have done.

MARLEY

TO KEEP YOUR ENGINE HEALTHY

Change FILTER ELEMENTS Regularly

The oil filter on your McCormick-Deering tractor protects the engine against wear caused by dirty oil. But unless the filter element is periodically replaced its purpose is defeated and no protection results. For your engine's sake... and the sake of your tractor investment... be sure to renew the filter element each time you change oil. Remember, the new-style "umbrella" element keeps oil clean and your engine protected for 120 hours of hard use (100 hours for Diesel engines).

Take home a supply of these protective elements the next time you are in town.

HOW THE "UMBRELLA" FILTER ELEMENT WORKS

The element is made of two large sheets of special creped, impregnated cellulose - accordion-folded to form a double-walled cylinder. Oil from the crankcase is pumped under pressure into the filter housing where it completely envelopes the element. The oil is forced through tiny pores in the element and all sludge and dirt is retained on the outer surfaces. The clean oil passes down between the two sheets and goes back to the crankcase.

About Night Cooling...

an aid to Summer Comfort

The Public Service Company has long followed a policy of informing the public of new developments in electrical appliances for the home. In southern climates, an economical method of cooling the home at night has been used for a number of years. This method, adaptable to any apartment or house, is comparatively new to Northern Illinois. A discussion of this important step toward more comfortable year-round living in this area is timely now.

Comfort cooling, by driving out the hot stagnant air and replacing it with cool, outside night air, permits restful sleep even on the hottest nights.

Everyone remembers the periods of oppressive heat of last summer. In this area, the first hot spell can be expected any time around the first of June, followed by heat waves at intervals until the end of September. Average temperatures for the past eight years show that Northern Illinois residents experience about two months of really hot weather every year - forty-six days with temperatures over 85°, and twenty-two days over 90°.

All day during the summer every part of a building exposed to the sun, absorbs heat. This heat is radiated through the roof and walls, raising the temperature of the air inside the building. The space below the roof frequently has a temperature of 135° on a hot summer day. The upper rooms of the building have a temperature as high as 10° above the outside temperature for as long as ten hours after sundown. To cool the home, this motionless, heated air must be removed and replaced by cooler, moving air from outdoors.

ADVANTAGES OF NIGHT COOLING

It is difficult to sleep or work when there is no movement of air to hasten evaporation of the moisture on the skin. On the other hand, it is possible to sleep restfully even on the hottest nights if air is moving freely through the bedroom window. The gently moving breeze of fresh air (produced by a night

cooling fan) rapidly absorbs heat from walls and ceiling, and evaporates moisture from the skin. In a few hours these fans can make you feel 10° to 15° cooler.

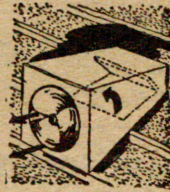

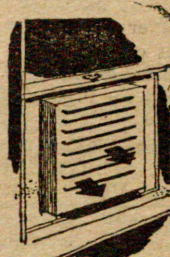

Night cooling fan installations are designed to change completely the supply of air in the home at least once every two minutes. The fan blades revolve slowly, gently circulating the air over a large area, rather than blowing in gusts and drafts. This method allows your entire living quarters to remain cooler all day.

TYPES OF INSTALLATION

For those who live in rented apartments or houses, where it is not practical to install

a night cooling fan permanently, the window fan is recommended. When installed, the fan drives heated air from all rooms on the same floor and fresh, cool night air is drawn in to replace it. Easily portable, the window fan can be plugged into any wall socket.

The night cooling fan installed in the attic of single-family dwellings, circulates the air throughout an entire one or two-story house. Methods of installing this equipment have

been worked out to meet successfully almost every type of home or apartment construction.

SIMPLE LOW COST OPERATION

For greater convenience and low cost of operation, a time-switch may be installed to give you fully automatic comfort cooling.

You can cool your home all night for less than the price of an ice cream cone. The experience of many users of these fans in the South over a period of years indicates satisfaction of the highest degree.

Electric appliances have done much to make the American Home more comfortable and convenient. The night cooling fan is an important advancement toward better, more pleasant living in Northern Illinois homes during the hot summer months.

Mother-Daughter Banquet

Tuesday evening, May 4, The Willing Workers circle of the Green Garden Methodist church, sponsored a Mother-Daughter banquet in the social room of the church. There were approximately 100 present. Mrs. Earl Ullrich served as toastmistress, welcoming the people in a most gracious manner. A short period of group singing was then enjoyed. Mrs. Alfred Krapf spoke for the mothers and Mrs. William Bettenhausen, Jr., responded for the daughters. Carol Lu and Kathryn Ullrich sang "Mother." Prizes were then given to the oldest mother, Mrs. Christine Krapf, the youngest mother, Mrs. Lewis Rab, the youngest grandmother, Mrs. William Wanner; the youngest daughter, Darlene Diment.

A period of silent prayer for one of the faithful members of the circle who is critically ill in her home, Mrs. Minnie Krapf, was observed. The "Mothers Prayer," a duet, was presented by Mrs. Alvin Wanner and daughter Carol Jean, following which Mrs. Ray Robinson of Joliet gave a brief talk. Mrs. Coleman served as hostess and also gave a brief talk. The MYF, boys did the serving, and Mrs. Adolph Ullrich was chairman of the circle.

Surprise Party

Russell Kohlhaugen proved himself a charming host when he planned and managed a complete surprise party on his wife's birthday Tuesday evening, May 4. Unknown to anyone in the family, he rounded up 38 friends who came from Joliet, Lockport, Monee, and Peotone, bringing with them a lot of good things to eat. After the supper Russell showed pictures which he had taken at various places. Later in the evening he served ice cream and cake.

Mrs. Kohlhaugen received a nice gift from the group.

The WSCS of the Frankfort Methodist church will sponsor a Mother-Daughter banquet Friday evening, May 14, in the church social room. Mrs. Floyd Coleman will welcome the guests. Mrs.

More Milk Per Cow? Here's How!

The number of dairy cows in the United States has increased only 1% since 1940. In the same eight years, a 10% increase in population has added about 12,000,000 more mouths to feed. These new American appetites need plenty of dairy products. Where are they coming from? More cows? Certainly that should mean more milk. But to bring more cows into production takes time—three years or more. The other solution is to increase the average production of milk and butterfat per cow. On many farms, dairy production has been increased without adding more cows. Here's how:

1. **Improve your pastures.** Dairy men have a saying—"Grow more grass and make more cash!" Good grass is your best and cheapest dairy feed. Lime and fertilize. Control weeds by spraying and mowing. Reseed to improve grasses. These are all good pasture builders.

2. **Handle your milk and cream efficiently.** Mechanical separators reduce loss of butterfat and improve its quality. Give more careful attention to sanitation. Quick cooling and proper handling can help you sell milk and cream, of better quality, for more profit.

3. **Eliminate cattle pests.** New sprays, like derris and DDT, used on the herd and in the barn, can rid your cows of grubs, practically eliminate pesky flies and lice. These pests rob America of an unbelievable amount of milk each year. Iowa alone sets the loss caused by heel flies and grubs at nearly 250 million pounds of milk in one year.

4. **Control mastitis and Bang's disease.** They are serious enemies of milk production. Complete control of them could increase the nation's milk supply 20% or more. That would be one quart every day for 30,000,000 people.

5. **Check with your neighbors.** See what they have done to increase their herd averages. You can also get help from your County Agent, your Vocational Agricultural teacher, your State College Experiment Station, or your State Veterinarian. Increase production with more milk per cow. And more milk per cow means more cash for you.

Standardbred vs. Crossbred Chickens

R. G. Jaap

by R. George Jaap
Ohio State University, Columbus, Ohio

The relative merits of standardbred vs. crossbred chickens may be summed up in three words—not much difference. But this difference is more often in favor of the well-chosen crossbred.

The advantages of a good crossbred are: faster growth and more eggs. However, many a slip can occur in crossbreeding chickens which will make them inferior, market-wise, to standardbreds.

For example, to produce a suitable crossbred, both standardbred parental breeds must be of top quality. If one has a mediocre egg production, it is almost a certainty the resulting crossbred will be a poorer producer than the high-producing standardbred side of the family.

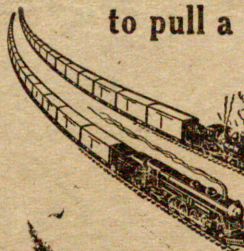

The fact that crossbreds usually are darker-colored may be a market disadvantage. Many markets pay a premium for white-feathered chickens. White Plymouth Rocks are not suitable for crossbreeding. If they are crossed with New Hampshires, dark-colored chickens will often result. Therefore, the premium for whites is lost. And the slightly faster growth rate of crossbreds may not make up this profit difference.

In color of eggs, the crossbred producer is also at a market disadvantage. Most egg-producing crossbreds lay colored eggs. Many markets pay more for white eggs. Therefore, the crossbred producer forfeits the profit on white eggs until crossbreds, which will consistently lay white eggs, are produced.

In certain cases, crossbreds may develop a greater susceptibility to disease than the better parent.

It is possible to develop crossbreds superior to the better standardbred strains. But determining the most suitable crossbreds is difficult because two different breeds are involved.

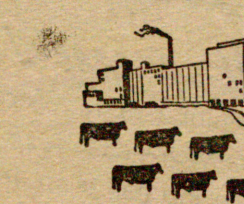

"It takes a big engine to pull a HEAVY Load"

This little engine is good for its purpose, but is not built to pull such a big load.

The larger engine is designed to handle large loads—efficiently, economically and easily.

Two-thirds of the livestock is produced west of the Mississippi River. Two-thirds of the meat is eaten east of the Mississippi. Bringing these two together is a job requiring a large engine.

That's why the country needs nationwide meat packers like Swift & Company. For with processing plants located where most of the livestock is raised, we can help bridge the gap between western range and the kitchen range. It is an important job, and we're proud that we are able to handle a share of it.

NUTRITION IS OUR BUSINESS—AND YOURS
Right eating adds life to your years—and years to your life

How you gonna care for 'em down on the farm?

Fresh, high-quality eggs grade better, bring better prices and help build consumer demand. Ideal eggs are large, fresh and clean. They are uniform in size and shape. Clear, thick whites, and firm, evenly colored yolks show good interior quality.

Top grade eggs begin with a good flock of layers, properly fed and cared for. Remove the roosters when breeding season ends—your hens will lay as well and infertile eggs keep much better. Keep the nests well filled with straw. Gather eggs two or three times a day . . . Never wash eggs! Use steel wool to clean the dirty ones . . . Keep them in a cool place—not over 60°. Sort them in the case according to color and size. Market them at least twice a week.

Remember, your best advertisement is to produce eggs which will reach the consumer fresh, clean and evenly sized. Quality helps make a better market for your eggs.

when coming.

HAM & EGGS GO TOGETHER

Milk, cream, poultry and eggs brought producers a gross income of nearly 6½ billion dollars last year. That's big business!

Every family in the nation uses dairy and poultry products. These products are perishable. They have to be handled with care. It's a big job to process and distribute butter, cheese, ice cream, dressed poultry, and eggs in prime condition. It's a nationwide job—as broad and as long as America.

We have nationwide refrigerating and meat distributing facilities to serve both producers and consumers. It is economical to use these same coolers, refrigerator cars and trucks for dairy and poultry products.

The Swift salesman sells meat, poultry, eggs, cheese, butter and other products. In this way we can have one salesman for sixteen or more products, instead of sixteen salesmen each selling one product. The same goes for delivery too.

If you were in business marketing many different products to the same buyers, would you have one sale man for each product? You would have each salesman sell many of your products. That saves money, effort, travel and the buyers' time. That's our way, too.

From where I sit ... by Joe Marsh

Jeb Had the Folks in Stitches!

At the Friday Night Social, Jeb Crowell had the audience in stitches—doing a take-off on the blustering character who belittles everybody and everything that isn't from his own home town.

Well, we can laugh at that sort of character because from where I sit, Americans are just the opposite. We like to boast a bit perhaps, about the paint job on the new barn, or the missus' style of cooking—but we aren't intolerant of people who don't think or act exactly the same way we do.

In our town, for instance: Some folks like band concerts, others don't—some families serve beer with dinner, others, buttermilk—and as for politics, there's plenty of healthy disagreement.

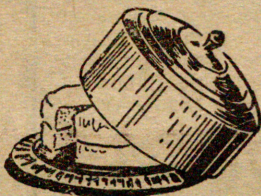

But when it comes to denying folks the right to think or act as they choose ... no, we're like you—we don't believe in it, whether it goes for serving beer, or speaking one's mind on public affairs.

Mrs. Victor Elsenbrandt was taken to Silver Cross hospital Monday, May 3, where she underwent surgery on Wednesday. She is reported improving.

Happy Hustlers

The Happy Hustlers 4-H club met Saturday at 2 p. m. in the home of Doris Hingspeter. Deloris Minger was elected secretary to replace Ina Ruth Schiffer. The club decided to purchase some 4-H song books to be used at their meetings. It was announced that the training school for officers will be held in the Ottawa street Methodist church, Joliet, May 14, at 8 p. m.

Doris Hingspeter displayed and described different materials where they came from, and what they might be used for. Mrs. Fred Piepenbrink gave a talk on "The first steps in clothing." The first-year girls were requested to bring three yards of preshrunk goods and the tools to work with at the next meeting, which will be at the home of Barbara Coleman May 22, at 2 p. m. After adjournment refreshments were served by the hostess. There were 20 present.

The officers of the 4-H club met Wednesday evening in the home of their leader, Mrs. Lewis Ebert, to plan the work and program for the coming year.

Mary Rainford returned from Silver Cross hospital Friday. She had been a patient at the Illinois Research hospital for months. A month ago she was taken to Joliet, where she underwent surgery. She is now at her home convalescing.

Mrs. Herbert Kohlhaagen is now a patient in Silver Cross hospital, after having been confined to her home for several months. She is in a critical condition.

Saturday, May 8, Mrs. Lentz took seven of the eight grade pupils on a tour to Chicago. At 10 a. m. they visited the Lincoln Park zoo, then visited

the Museum of Science and Industry. Next they had dinner. After dinner they attended a show, "Robin Hood," and the "Invisible Man." Mrs. Lentz presented the four girls with corsages.

Thursday night May 6, the seventh grade of Frankfort school gave a party for the eighth grade, in the school auditorium. Games were played and a scavenger hunt was enjoyed by the group. Refreshments were served.

The dinner was in the new addition gayly decorated in pastels, spring flowers, and candles. A full course was served, after which a program consisting of speeches, toasts, and music was presented. Graduates of the school, Ruth Schafer, acted as toastmistress, Loretta and Rosalee Arnold, Billy Blaylock, from the Gatter school.

The seventh graders attending, Nancy Boze, Shirley Heavener, Audrey O'Connor, Gloria Dixon, George Edstrom, and John Chamlik. Others enjoying this affair were teachers, parents, and guests. Dr. H. H. Metcalf, principal of Bloom high school, Mr. and Mrs. George Walker, Mr. and Mrs. W. C. Davidson, Mr. and Mrs. Norman Bradley, Mr. and Mrs. Robert Wheeler, Mr. and Mrs. Floyd Martin, Mr. and Mrs. Robert Lloyd, Mr. and Mrs. Gus Schaper, Mr. and Mrs. Joseph Arnold, Jr., and Mrs. Jonas Edstrom, Mr. and Mrs. Al Dixon, Mr. and Mrs. Leroy Heavener, Mr. and Mrs. Al Boze, Mrs. Peter Shamik, and Daniel O'Connor.

Mrs. Carrie Johns and Mrs. Dorothy Woodman, accompanied by Mrs. Evelyn Knater, attended the teachers' annual meeting of the Cook county traffic safety conference May 6 at the Sherman hotel in Chicago.

A three act play entitled "Aunt Sophronia at College" will be given by the pupils of Orland Center School district 136 Friday evening, May 21, at 8:15. Mrs. Carrie Johns is the teacher.

Wednesday evening, May 12, Doris Bauch will entertain the members of the graduation class of the Frankfort school at a theatre party at the Rialto, Joliet.

Friday, May 14, the eighth grade pupils will take their final examinations.

Mr. and Mrs. Fred Heusner and Mr. and Mrs. Henry Heusner called on their mother, Mrs. Elizabeth Heusner, in Peotone, Saturday night to extend Mothers' Day greetings.

The annual Mother-Daughter banquet will be held at the church Thursday, May 20. The guest speaker will be Mrs. Ray Robinson of Joliet. There will be special music. Dinner will be served at 6:30. Reservations may be made by calling Mrs. Herbert Duerr not later than May 17. Mrs. Damerell and Mrs. John Minlon and Mrs. Louis Cantrell became new members of the society. Mrs. Jacob Randall gave the missionary flash. Her topic was "Why a Penny a Day Box." Mrs. Harding had charge of devotions. The next meeting will be held at the Alexander Kennedy home with Mrs. F. C. Cole, Mrs. A. K. Swanson, and Mrs. Ernest Oram as assisting hostesses. The guest speaker will be Mrs. Robert Gibbons of the Good Will Industry of Gary, Ind.

Graduation

Graduation exercises of the New Lenox Grade school will be held in the school auditorium Friday, May 28, at 8 p. m. The 31 graduates who will receive their diplomas that night will be addressed by Dr. Walter McPherson of Joliet, widely known as a public speaker.

Those who will be graduated are Silas Baer, Mark Batson, William Brockman, Constant Brown, Joyce Brown, Ronald Butler, Rosemary Butzen, Car-

olyn Cole, Adrienne Droney, Charles Ellis, Evelyn Gernenz, Ronald Goldenstern, Clarence Greenman, Oscar Heisner, George Kennedy, Vivien Kuntz, Nina Marshall, Marilyn McClain, Donald Sabec, Paul Schuett, Wesley Seivert, Richard Stevenson, Harold Stockley, Donald Storm, Betty Tarrant, Robert Townsend, Budd Vlach, Robert Waldvogel, Nancy Walsh, Mary Wanzler, Edmund Wondrasek.

New Lenox grade school band representatives made a good showing in the State band contest held at Bloomington Friday, May 7. The drum section enjoyed outstanding success. Glenn Ruthenbeck, snare drum soloist, received a division one rating for the second successive year. Glen and Gordon Ekedahl teamed up to win a division one rating as a snare drum duo, while the same two boys plus Bob Zusage and Jim Bethell were put into Division 1 as a drum ensemble. Richard Hoffman, clarinetist was also put in Division 1. Ronald Chesmore twirler, and Bob Zusage trombonist, were put into Division 2, while Si Baers, playing a bass horn, and Patricia Gilgen, flutist, were put in Division 3. All solo numbers were accompanied by Rita Waldvogel.

A large percentage of the children who will go into the fifth grade room next year have neither taken the physical examination nor taken the proper forms home so that they can be checked by a doctor. Mr. Oster is urging all parents of fourth graders to insist that the children bring the forms home and have the examinations. It is a requirement of Illinois school law that these examinations be given every four years.

Mrs. Herbert Duerr spent the week end in Rossville with her mother, Mrs. Fritz Schriever.

Altar Society

St. Jude's Altar society held its monthly meeting April 27 in the church dining room. Mrs. Edna Cutler, Mrs. Grace Yeoman, and Mrs. Dorothy Schaefer were hostesses. The meeting was opened by the president, Mrs. Fern Brown. Routine reports were given by the various chairmen. It was voted to give \$5 to the cancer fund.

The annual election of officers was held and the following were elected: President Mrs. Ann Droney, vice-president, Mrs. Ann Wondrasek, secretary Miss Nora Lydon, treasurer Mrs. Cele Riley, Mrs. Pat Merfeld and Miss Nora Lydon were chosen to audit the books. Corsages were presented to the new officers. After the business meeting adjourned, cards were played. Refreshments were served.

Kindergarten graduation exercises were held last week at the home of the kindergarten teacher, Mrs. Stanley Ekedahl. The program consisted of singing. The children were dressed in little white caps and gowns and were each awarded the kindergarten diploma. Mothers and grandmothers of the pupils were guests. Those receiving diplomas were Bobby Bethell, LuAnn Camerello, Geraldine Carrico, Leslie Elizabeth Ekedahl, Dickie Hammond, Mary Ellen McGovney, Danny O'Connor, and Bonnie Higgins.

The New Lenox Bluebirds met Monday afternoon, May 3 in the school. The meeting opened with the pledge to the flag and the 4-H pledge. Election of officers was held and resulted as follows: President, Florence Cruise, vice-president Carol Arthur, secretary Ann Theresa Zusage, treasurer Diane Wondrasek.
